

To: The N.A.S.U. Steering Committee

The Conway Ecclesia wishes to make known to you that the document you propose does not correctly reflect the position held by the brethren and sisters of this ecclesia.

Furthermore, we do not recognize your self-appointed committee, nor its authority to conduct such an exercise as the proposed voting. The current effort has been widely criticized for having the potential to further divide the household. This fear has already become a reality and the vote has yet to be tallied.

Therefore, we refuse to participate in your so-called reunion effort. We also would make it known to you that we will not participate in a "Phase II" project.

The Conway Ecclesia unanimously rejects the entirety of the N.A.S.U. proposal.
