January 20, 2004

To The NASU Committee and
our Brethren and Sisters of the Unamended Fellowship:

We wish to announce the Plymouth Unamended Christadelphian Ecclesia's rejection of the NASU unity proposal.

We have chosen not to utilize the NASU voting forms because NASU is not a recognized, duly appointed committee of the Unamended Fellowship.

We believe it is unacceptable to fellowship Central Amended members due to the widespread doctrinal error harbored in that community. As for resolving the doctrinal issues involved, NASU is a total failure, as it does not represent scripturally based Unamended positions on numerous issues.

Our newly formed Plymouth Massachusetts Ecclesia meets on the basis of the BUSF (and related "Unamended" statements of faith) and we believe it is not acceptable to fellowship those who regularly meet on the basis of "Amended" doctrine. We also do not believe it is acceptable to fellowship based on a combination of the BASF/BUSF Statements of Faith in conjunction with "bridging" documents such as the one prepared by NASU and some ecclesias that wish to fellowship Central members.

Speaking of the Creator, scripture tells us, "I make peace, and create evil:..." The Lord seems to be imposing this situation on us, and it may be His way of separating those who will league themselves with a community harboring widespread error from those who refuse to do so.

We believe the evil currently in the land is a test... a test that will reveal those willing to "contend for the faith".

Sincerely

Members of the Plymouth Massachusetts
Unamended Christadelphian Ecclesia
