Subject: The NASU Vote

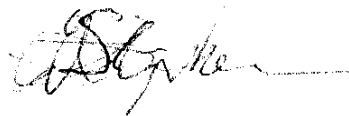

We the Brothers and Sisters of the Fort Smith Arkansas Unamended Ecclesia want it noted that 100% of the members are against the reunion effort as it is being presented.

It is our understanding that the Holy Scriptures teach that there is only ONE FAITH, ONE HOPE, ONE BAPTISM and ONE GOD therefore saying to us that there cannot be two (2) substantially different beliefs within "one" faith. As has been noted by various writers, the amended group went out from among us and in so doing adopted the name "amended" which means: to change or changed. It is certainly the desire of every last one of our ecclesia that the departed would return to the Unamended household. It is our belief that the way back would require submission to an examination and baptism according to the true faith. We do not consider their baptism valid nor the totality of the doctrines they hold to be the "truth". A partial belief is just not good enough.

Furthermore, our Ecclesia does not recognize the "Self-Appointed" status of the NASU Committee nor their assumed authority to "compromise" our Doctrine to that of those who have "Amended" and departed from God's one true Faith.

It is to be clearly understood that we will not meet around the table of our Lord with the Amended, or the CGAF, or any others who come preaching a false gospel. Further, we will not knowingly break bread with those who do.
