Re: Christadelphian Recognition and Communication

Dear Secretary,

In response to the latest mailing from the NASU steering committee, it is the unanimous agreement among our members to write to you requesting that the Minneapolis South Ecclesia be removed from all mailing lists and further correspondence. We further request that you no longer consider us as participants whether by response or lack thereof, or participatory in any other way with your current unity efforts.

Our reason for such action is that we of the Minneapolis South Ecclesia meet and break bread exclusively on the principles outlined and defined in the Birmingham Unamended Statement of Faith (BUSF). Any alteration to the BUSF or re-interpretation of the First Principles therein will not be considered by us.

Furthermore, we feel that these unsolicited mailings fully detract from our ecclesia's desire to focus and grow in the One Truth.

Respectfully,

The members of the Minneapolis South  
Unamended Christadelphian Ecclesia
