To The Unamended Ecclesias and NASU

With one voice, the Brethren of the Arkansas Tri-City Unamended Ecclesia address the Unamended Ecclesias of North America confirming our position of meeting around the Table of the Lord exclusively with those who agree on the principles of truth contained within the Birmingham Unamended Statement of Faith.

We have believed for several years that any “bridging document” will lead to the formation of another fellowship and further weaken the Christadelphian community, of which, this “bridging document” has now been thrust upon us through the proposed North American Statement of Understanding (NASU).

We have studied at great length the NASU proposal and we believe the document compromises the truth believed by the Unamended Community, and requires the participants to agree to disagree. This is not “being of one mind”. This is not unity. We therefore reject this proposal.

Furthermore, we do not recognize a self-appointed committee as spokesmen for the Unamended Community.

It is our prayer that the Unamended Community continues to teach and hold fast to sound doctrine as found in the Unamended Statement of Faith.

The Tri-City Unamended Ecclesia
